7. Refusing a scholarship

Applicants are warned that, if one of these scholarships is awarded to them and they decide not to take up the award, then any payments made in respect of the record creation fee (for new students at the University) or others concerning admission to the CEU Cardenal Herrera University will not be refunded. This will remain the case even if the student is awarded a different grant or scholarship which might be applied for at a later date.

8. Renewal conditions

CEU Merit 100 Scholarships for Athletes

The award of one of these scholarships will be automatically renewed if the following requirements are met:

- Achievement of an average grade above 7.5 out of 10 in the academic year following the application.

In the case of dual degrees: an average grade of 7 out of 10 for both degree programmes.

Achieving this average grade will enable the scholarship to be renewed for the following academic year. A student will be considered to be following a dual degree programme if he or she is enrolled on more than 60 ECTS credits and these correspond to two different degree programmes. If this requirement is not met in a particular academic year, then the student will not be considered to be following a dual degree programme for the purposes of determining the average grade the student must achieve for the renewal of the scholarship.

- Continuing to be an elite or promising athlete.

CEU Merit 65 Scholarships for Athletes

The award of one of these scholarships will be automatically renewed if the following requirements are met:

- Achievement of an average grade above 7 out of 10 in the academic year following the application.

In the case of dual degrees: an average grade of 6.5 out of 10 for both degree programmes.

Achieving this average grade will enable the scholarship to be renewed for the following academic year. A student will be considered to be following a dual degree programme if he or she is enrolled on more than 60 ECTS credits and these correspond to two different degree programmes. If this requirement is not met in a particular academic year, then the student will not be considered to be following a dual degree programme for the purposes of determining the average grade the student must achieve for the renewal of the scholarship.

- Continuing to be an elite or promising athlete.

CEU Athlete Support Scholarships

The student will continue to enjoy the corresponding tuition fee discount for all years in which he or she continues with the degree, so long as he or she continues to meet the requirements to be considered to be an elite or promising athlete, as described in section 3 of these conditions and that he or she passes all courses and is awarded all the credits he or she enrolls on each year.

9. Reasons for losing a scholarship award

An award of a CEU Merit 100 Scholarship for Athletes, CEU Merit 65 Scholarship for Athletes or a CEU Athlete Support Scholarship may cease in the following circumstances:

- An award-holder of a CEU Merit 100 Scholarship for Athletes, CEU Merit 65 Scholarship for Athletes or a CEU Athlete Support Scholarship during the previous academic year has not achieved the academic performance requirements laid out in section 8.
- An award-holder has had a sanction imposed on them as part of student disciplinary proceedings at the University.
- An award-holder has failed to meet their financial obligations to the University, after having been warned of this situation and having been given a period of fifteen days to resolve it.
- An award-holder ceases to fulfil the condition of being an elite or promising athlete in accordance with the description provided in section 3. In this case, the student may make an application for other grants and scholarships offered by the Fundación Universitaria San Pablo-CEU, the parent organization of the CEU Cardenal Herrera University. Such an application will be considered according to the same conditions as applications from other students, and the fact that the applicant has previously received one of the scholarships described herein will have no bearing on any award decision.

In the case of an award-holder of a CEU Merit 100 Scholarship for Athletes, CEU Merit 65 Scholarship for Athletes or a CEU Athlete Support Scholarship who takes part in a study abroad programme and whose grades from this period do not meet the minimum described herein, a report regarding his or her performance will be requested from the Office of the Vice-Rector for Internationalization and University Life, and/or his or her personal tutor. Due consideration will then be given to the issue of whether it is appropriate or not for the student to continue receiving a scholarship, with this being entirely at the University's discretion.

10. Incompatibility with other awards

An award of a CEU Merit 100 Scholarship for Athletes, CEU Merit 65 Scholarship for Athletes or a CEU Athlete Support Scholarship is incompatible with an award of any other grant or scholarship provided by Fundación Universitaria San Pablo-CEU: two such awards cannot be held simultaneously.

These scholarships are compatible with the standard grants (*Becas de carácter general*) offered every year by the Spanish Ministry of Education for students undertaking higher or further education. However, if a student achieves an award of

such a *Beca de carácter general* and of a CEU Merit 100 Scholarship for Athletes, CEU Merit 65 Scholarship for Athletes or a CEU Athlete Support Scholarship, he or she must ensure that the two awards are compatible by informing the appropriate government agency (namely, the *Dirección General de Planificación y Gestión Educativa*, part of Spain's Ministry of Education).

If an incompatibility emerges after an award has been made, the Scholarship Award Committee may, entirely at its discretion, assign the scholarship to another student or not assign it at all.

Scholarship Award Committee: members and powers

The Scholarship Award Committee of the Fundación Universitaria San Pablo-CEU, the parent organization of the CEU Cardenal Herrera University, is the body charged with awarding these scholarships to applicants, in accordance with these conditions.

The Committee's members include: the Rector, the General Manager, the Vice-Rector for Academic Affairs and Digitalization, the Vice-Rector for Internationalization and University Life, the Head of the Sports Service and the Head of the Grants and Scholarships Service at the General Secretary's Office.

The decisions made by the Scholarship Award Committee will be final, made in accordance with these conditions, and communicated by the University, with the details of the decisions being provided to the General Manager's Office and the Grants and Scholarships Service.

The Scholarship Award Committee is the only body with the authority to interpret and apply these conditions and may, entirely at its discretion:

- Decide not to make the full number of awards after consideration of all the applications made.
- Decide that an award-holder of a CEU Merit 65 Scholarship for Athletes should receive a CEU Merit 100 Scholarship for Athletes, even if the student concerned does not meet all the requirements for the latter. Such a decision may be based on the student's academic or sporting record, or other meritorious skills or actions, such as knowledge of foreign languages or involvement in social, cultural or sporting activities.

It is possible that, due to academic and administrative reasons related to a particular degree, it may not be possible to communicate scholarship award decisions on the planned date. If this occurs, the scholarship applicants for that degree will be informed

of the new date for the announcement of the decision before the initial planned decision date.

The University may decide that, after considering all the applications, waiting lists of up to three applicants should be established. These students, in strict order of priority, may then be awarded a scholarship if one becomes available in the fifteen days following the announcement of the award decisions.

Acceptance of these conditions

As applicants freely choose to make an application for one of these scholarships, for which the selection process is regulated by these conditions, the Fundación Universitaria San Pablo-CEU, the parent organization of the CEU Cardenal Herrera University, assumes that applicants have read and accept these conditions and it accepts no liability for any loss deriving from participation in the process. The fact of submitting an application means that the applicant has accepted these conditions.

Any previous information which applicants may have seen regarding the CEU Merit 100 Scholarships for Athletes, CEU Merit 65 Scholarships for Athletes or the CEU Athlete Support Scholarships for 2027-28 is superseded by the content of this document.
